## CALL FOR PRESENTATIONS DUE MARCH 15

The 2021 theme for Georgia Chapter of the Association for Learning Environments Summer Conference is **“RESTORE | RESET | RECONNECT”**. The theme speaks to the following:

- **RESTORE** | Whether it’s a pandemic, construction issue, or inflation, having the ability to respond quickly is the world we are now a member.
- **RESET** | Eventually we will settle in to the next “normal”. What will that look like? How can we transition between now and then?
- **RECONNECT** | Regardless of situations, people have an innate desire to connect with others. How is the time to get back together.

The Summer Conference is quickly approaching and we anticipate another exceptional conference. It’s time to open our **Call for Presentations**.

- June 27-30, 2021 Summer Conference at Jekyll Island

Our goal is to provide presentations that challenge the industry to provide facilities that will provide Georgia Schools with high performance facilities that will withstand the ever-evolving education environment.

**We encourage you to submit your ideas for presentations no later than March 15, by 5:00 pm.**

Please include the following information with your submission:

- Title
- Presentation Summary (please limit to one paragraph)
- Possible Speakers and summary of qualifications

All presentations should focus on educating school facility representatives and other attendees on new technologies, updated processes and procedures, innovative strategies, etc. that support our stated theme. We particularly encourage joint participation with school facility representatives where real-life strategies have been implemented. We encourage school facility representatives with interesting challenges and stories to share them with their peers through presentations, as well. **Sessions should not have a commercial or sales-oriented focus.**

Please send your submittal electronically by March 15, 2021. [SUBMIT HERE](#)
